CERTIFIED RETURN RECEIPT REQUESTED
(P492 430 102)

Mr. Delbert D. Thomas
Vice-President, Engineering
Shale Development Corporation
313 High Street
Redlands, California 92373

Dear Mr. Thomas:

RE: Status of Application, Shale Wash Project, PR0/047/005,
Uintah County, Utah

The Division of Oil, Gas and Mining revoked Shale Development Corporation's tentative approval for its Sand Wash Project on November 23, 1983 for failure to provide the required information.

As mentioned, should Shale Development Corporation wish to pursue any further permitting of the Sand Wash Project, the Division must be notified in writing. Such contact must include a revised Form MR-1 along with the information necessary to address the Division's concerns as stated in our letter of October 12, 1983. Upon receipt of a new application, the Division will reestablish the Sand Wash Project on its review list. Any future approval to conduct mining operations will be contingent upon the resolution of all Division concerns and posting of the required reclamation surety by Shale Development Corporation.

Mr. Delbert D. Thomas

PRO/047/005

October 3, 1984

Please notify the Division regarding the status of Shale Development's intentions relative to this operation as soon as possible. Your cooperation is appreciated.

Sincerely,

A handwritten signature in dark ink, appearing to read "James W. Smith, Jr.", is written over a horizontal line.

RE: Shale Development Corporation, Status of Application,
ACT/047/005, Uintah County, Utah

On Thursday, September 20, 1984, Carl Johnson, the landowner of the property where Shale Development Corporation is located, inquired about the status of the permit for this operation.

I told him that we have not heard from them since November 1983. Can we send out an inquiry letter requesting their recent status?

Pam -

Have we sent any requests to SDC since Nov. '83? If not, we should send them another prompt. Please prepare one for me. Thx.

Jim
